Manage documents throughout the process

—

Integrated with Cobwebb Docstore

PRODUCT // COBWEBB EPORTAL

THE COBWEBB SOLUTION //

All of our products are developed with business efficiency improvements and cost saving at the core of the solution. Cobwebb ePortal enables high speed self-service for customers and suppliers; increasing satisfaction and reducing administration for all parties; and ensuring users get the content they need, when they need it - promoting more efficient working.

MAKING THE LINK //

Cobwebb ePortal is fully integrated with Cobwebb Docstore COLD and Capture. All outbound and inbound documents are available to display in the Cobwebb ePortal if desired - extending the return on investment and providing a clear path to continuous improvement. Additionally, all information / data in the ePortal is available to other business systems via Docstore APIs.

SECURITY FIRST AND FOREMOST //

Secure HTTPS digital access to all documents so that only those with specific authority can access documents. Web browser viewer – users with the required authority can access all documents in the system directly from the browser from anywhere on the network (or intranet) without any direct application connection.

CREATING THE PAPERLESS OFFICE //

Cobwebb ePortal helps you to create a truly paperless environment. No more filing cabinets stuffed with endless forms and documents; no need for staff to spend hours at the photocopier copying items and filing them in multiple locations. Everyone can immediately access all the data they need - exactly when they need it.
